IMAGE ELEMENTS™

WHO WE ARE

Blair is a world-class provider of brand image elements. We operate across the United States, Canada, Mexico, Central and South America, Europe, and more. Our dedicated teams work closely with businesses to provide innovative turnkey solutions with minimal disruption that set the industry standard for brand image implementations.

Founded in 1951 as a small electric company in Altoona, PA, we now have over 400 hard-working employees and over 270,000 square feet of manufacturing space. Family-owned and operated for over 60 years, Blair is trusted by some of the world's most respected brands. Our commitment to process and precision makes us a good fit for brands with the highest standards of excellence.

60 YEARS OF EXPERIENCE

PROJECT MANAGEMENT

To ensure the success of every project, a professional project management team with expertise in your specific industry will be dedicated to oversee every step of the process from start to finish.

ENGINEERING

After we've assessed your needs, our engineers will figure out the best solutions for quality, safety and cost. With several patents, our engineers take pride in results-driven innovation.

MANUFACTURING

With continuous investment in state-of-the-art equipment and machinery, our manufacturing capabilities include vacuum forming, metalworking, welding, decoration, printing, electronics assembly, and more. We also perform extensive quality-assurance checks to ensure everything we produce is delivered exactly as promised.

INSTALLATION

When your brand image elements are ready, they'll be installed by one of our own installation crews or by a trusted and certified subcontractor from our Blair Installation Network.

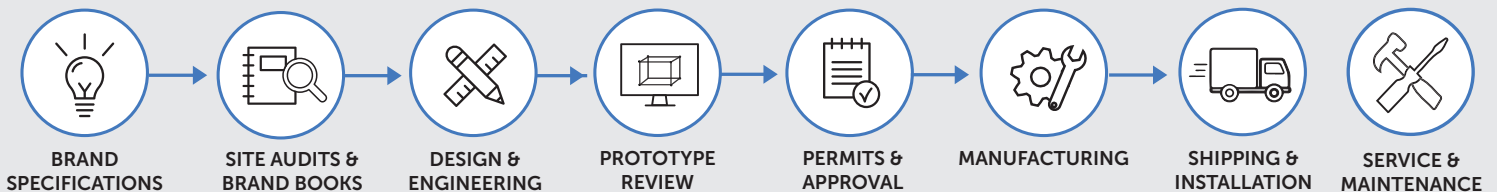

SERVICE & MAINTENANCE

We understand that even the highest quality work will eventually need repairs, so we've assembled a dedicated team to help with any issues you may experience after installation is complete.
